About Us

Welcome from the CEO

Founded in 1985, AngliSchools is one of the larger non-government schooling systems in Australia. AngliSchools are distinctly Christian communities that demonstrate care for each other and treat all people with dignity and respect.

Our schools are more than just centres for learning. AngliSchools are Communities of Excellence, that value each student as an individual with unique needs, gifts and aspirations. Our academic programs along with co-curricular activities and student welfare and support services combine to offer a holistic educational experience, which cares for all aspects of a student's wellbeing.

AngliSchools International is dedicated to servicing the needs of international students and is a gateway to multiple school destinations. We offer a simplified enrolment process with:

- one application form
- one set of entry criteria
- one tuition fee structure.

Our study pathway options are designed to provide international students with the opportunity to achieve their study goals in Australia.

We aim to ensure a smooth transition into life in Australia for every international student, with each milestone achieved marking a student's growth and maturity along his or her pathway to realising their goals.

We look forward to welcoming more international students to AngliSchools.

The Reverend Peter Laurence OAM
Chief Executive Officer

Director's Welcome

Thank you for taking the time to review our Prospectus. Our philosophy of caring for all students as individuals means we strive to cater to each international student's unique needs, interests and aspirations as they progress along their chosen study pathway.

In essence, this means that we want our international students to feel safe, comfortable, well cared for, listened to and understood, at all times and always.

The AngliSchools International team works hard to ensure this is the case. We look after each student from Orientation to Graduation, providing regular check-ins, English-language and pathway support, as well as homestay and a wide array of student services.

We look forward to meeting you in person and welcoming you to the AngliSchools family.

Mr Peter Byrne

Director of AngliSchools International

WHY ANGLISCHOOLS?

- Multiple private co-educational schools
- Quality teaching and learning programs
- Unique and innovative student support programs
- Strong focus on pastoral care and student wellbeing
- English language support

About Western Australia

Perth is the capital city of Western Australia. One of the fastest growing cities in Australia, Perth offers diverse opportunities for study and employment.

St George's Anglican Grammar School students overlooking Perth city

Perth is a welcoming city, popular for its safe environment, friendly people, pleasant climate and beautiful natural surroundings. Living in Perth is enjoyable, with excellent housing options, efficient road and rail networks and modern infrastructure.

The dynamic Central Business District of Perth, which offers an incredible array of food from around the world, is just 20 minutes away from breathtaking ocean views and a relaxed coastal lifestyle.

Western Australia also boasts smaller coastal towns such as Mandurah, Busselton and Esperance, each with their unique take on Australian culture. A short drive, train ride or flight from Perth, these areas offer excellent facilities and quality schools, with lower living costs.

WHY STUDY IN WESTERN AUSTRALIA?

- Affordable living** Lower rent and expenses than other parts of Australia
- Liveability** Western Australia is safe, sunny, and highly liveable
- Quality education** Top-tier schools, colleges and universities
- Student support** Strong pastoral care and inclusive academic support
- Time zone** Close alignment with time zones of Asia
- Things to do** Festivals, arts, beaches, and parks for a balanced student life
- Career potential** Solid economy with opportunities in resources, tech, and startups

About New South Wales

New South Wales is home to world-class universities, research organisations, and vocational education and training institutions.

Trinity Anglican College students fishing in Albury

AngliSchools has a presence in New South Wales through Trinity Anglican College, a dynamic place of learning in the regional centre of Albury. The College caters for students from Pre-Kindergarten to Year 12.

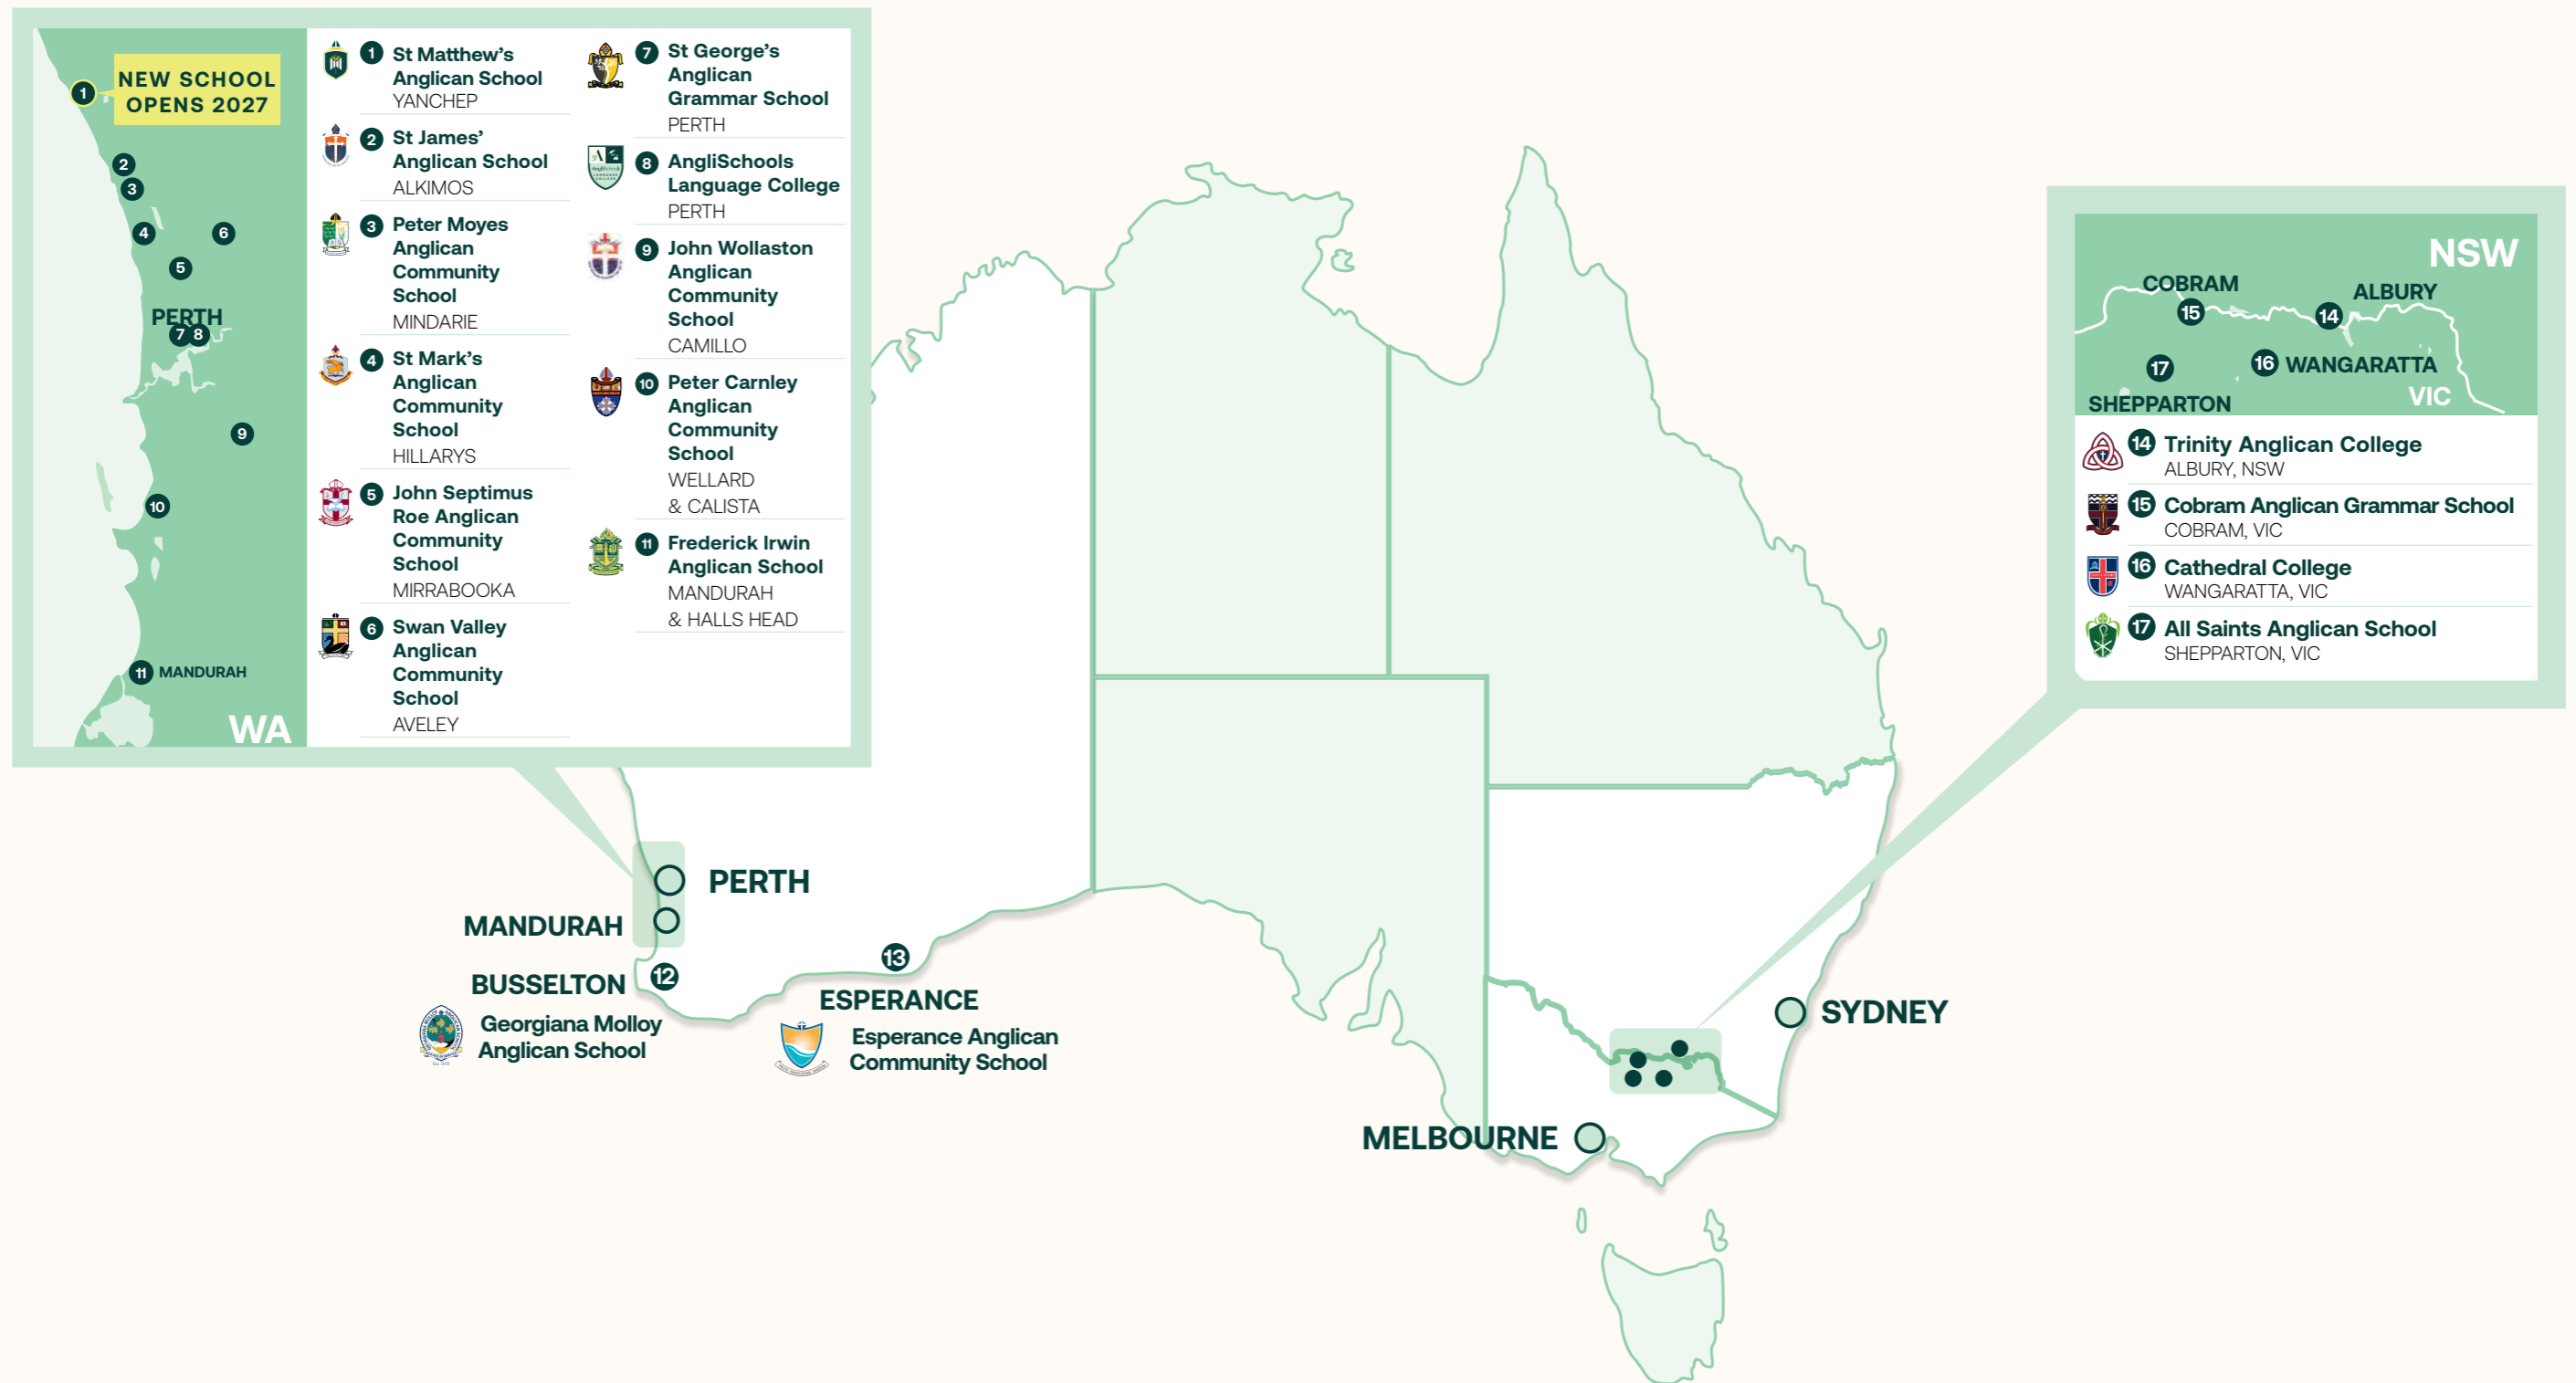

Albury, and its nearby twin city of Wodonga, are modern, safe and family friendly places to live. Albury-Wodonga also offers a lively culture of arts, theatre, dance and music, with lower housing costs, active community and sporting organisations, easy access to natural attractions and multiple transport options. It is possible to fly directly to this part of New South Wales from both Melbourne (55 minutes) and Sydney (80 minutes).

WHY STUDY IN NEW SOUTH WALES?

- Safety** NSW is known for being safe, diverse, and culturally inclusive
- Liveability** Regional NSW offers lower living costs and close-knit school communities
- Lifestyle** Students can enjoy an active and healthy lifestyle while studying
- Support** Dedicated support for the pastoral care and wellbeing of students
- Leading universities** Strong pathways to leading universities such as The University of Sydney, UNSW, Macquarie University, UTS, and Western Sydney University

Our Schools

AngliSchools is a strong system of Australian schools committed to providing high-quality, values-based education within a supportive and inclusive community. Each school is a unique community with its own individual strengths and specialist programs, sharing the common values of **Faith, Inclusion, Respect** and **Excellence**.

Our Programs

Choosing a Program to Meet Your Needs

We have a range of programs for international students to choose from, as described on pages 12 to 21. The table below shows the programs that are available at each of the AngliSchools.

Preparation for Secondary Studies

CRICOS COURSE CODE: 078837K

We believe every student deserves the tools, confidence, and care needed to flourish — both in language learning and in their journey toward secondary school graduation in Australia.

The Preparation for Secondary Studies (PSS) program is an intensive English language course designed to prepare international students for success in Australian secondary education. Offered at our Language College in Perth, the PSS program provides the language skills, academic foundations, and cultural understanding students need to transition confidently into Years 7–12 at any mainstream school in Australia.

Program Overview

Students begin at the level best suited to their current English-language ability — Elementary, Pre-Intermediate, or Intermediate — and progress at a pace aligned with their learning needs and goals. Each level combines intensive English-language instruction with exposure to academic subject content in areas such as English, Mathematics, Science, Humanities and The Arts. This approach helps students build subject-specific vocabulary and become familiar with the terminology and classroom expectations of Australian schools.

Learning and Development

The curriculum of the PSS program focuses on developing practical and academic English skills through daily reading, writing, listening, and speaking activities. Students also gain confidence in grammar, comprehension, and communication, while practising essential academic skills such as note-taking, essay writing, oral presentations, and exam preparation.

Beyond language, the program introduces students to Australian school culture, fostering independence, digital literacy, and effective study habits. In small, supportive classes led by specialist teachers, students receive individual attention and ongoing feedback to ensure measurable progress.

Pathway and Progression

The length of the PSS program varies according to each student’s age, English-language proficiency, academic progress, and learning goals. Upon successful completion, students are well-prepared to enter mainstream secondary schooling with the confidence, skills, and cultural readiness to thrive.

**Quang Phat
(Patrick) Ngo**

PSS student,
AngliSchools Language
College

“

I want to find a better future for myself. That’s why I decided to study abroad. If you intend to study abroad, but your English is not good, you can set aside more time to learn, and, if you are not feeling confident, you can always come and experience. After one or two months, your English will improve significantly. When I studied in the Language College, I made friends from other countries and I felt confident when I did something new, like presentations.

”

What Students Gain Through our PSS Program

Confidence in using English for both academic and everyday communication.

Familiarity with Australian classroom practices, including group work and inquiry learning.

Strong foundations across key subjects and essential study skills.

A smooth and supported transition into secondary school life within any school.

Yang Yuwei

Mother of Sophia Liang, who graduated from AngliSchools Language College in Term 3 2025 and is studying in Year 7 at John Septimus Roe Anglican Community School

“

Sophia arrived in Australia recently. She first studied in the Preparation for Secondary Studies class for one term and successfully passed the exam, allowing her to advance early into Junior High School. The language class not only strengthened her English speaking and writing skills, but also offered subjects such as Maths, Economics, Arts, Science, and Geography, helping her adapt in advance to the mainstream school’s curriculum. She told me that her daily learning at mainstream school connects seamlessly with what she learned in the language classes, allowing for a smooth and stress-free transition. This would not have been possible without the solid foundation laid by the language class.

We are especially grateful to the teachers at AngliSchools Language College for their thoughtful guidance and warm support. Their professionalism and patience helped our child take the crucial first step in adapting to a new environment, which gives us great peace of mind as parents.

”

Maximum duration	52 weeks
Intake	Beginning of Term 1 (February), Term 2 (April), Term 3 (July) or Term 4 (October)
Age range	12-17
School year(s)	Year 5, Year 6, Year 7, Year 8, Year 9, Year 10, Year 11
Entry requirements	This program is for students who do not meet direct entry requirements for their school
Study mode	In person

Primary

CRICOS COURSE CODE: 0100468 (WA) | 0100853 (NSW)

AngliSchools are places of welcome and inclusion, grounded in Anglican beliefs, values, and practices. Our Primary schools provide a nurturing environment where each child is valued as an individual and encouraged to grow in mind, heart, body, and spirit.

Our Primary programs are progressive and evidence-based, designed to prepare students for the challenges and opportunities of a rapidly changing world. Academic achievement is both valued and celebrated, while effort, creativity, and character are equally recognised. Many AngliSchools offer uninterrupted learning from Pre-Kindergarten through to Year 12, providing stability and continuity for students and families.

Learning and Development

International students study the Australian Curriculum, which offers a broad foundation across eight major Learning Areas: English, Mathematics, Science, Technologies, Humanities and Social Sciences, Health and Physical Education, Languages, and The Arts. Students are guided by highly professional teachers who encourage inquiry, creativity, and resilience, helping every learner develop confidence in their abilities and a love of learning.

Primary-aged international students may also participate in the daily Enrichment Program, which offers additional English-language support. This program helps students strengthen their communication skills, build friendships, and engage more deeply in the life of the school.

Pastoral Care and Wellbeing

Each AngliSchools community is built on strong pastoral care. Students are encouraged to take responsibility, demonstrate initiative, and show sensitivity to others. Our Christian values underpin every aspect of school life, ensuring that students feel supported, respected, and inspired to contribute positively to their communities.

Visas and Living Arrangements

Most international students in this program study under the Student Visa (Subclass 500). For further information, visit <https://immi.homeaffairs.gov.au>.

In accordance with visa requirements, primary-aged international students must live in Australia with a parent or a Department-approved relative for the duration of their studies. This ensures that every child has the care and stability needed to thrive academically, socially, and personally.

Maximum duration	364 weeks
Intake	Beginning of Term 1 (February), Term 2 (April), Term 3 (July) or Term 4 (October)
Age range	6-13
School year(s)	Pre-primary, Year 1, Year 2, Year 3, Year 4, Year 5, Year 6
Entry requirements	For minimum English language proficiency, please see Entry Requirements table
Study mode	In person

Junior Secondary

CRICOS COURSE CODE: 094025B (WA) | 0100854 (NSW)

Grounded in Anglican beliefs and values, our schools nurture curiosity, confidence, and compassion as students transition into the middle years of learning in Junior Secondary.

Learning and Development

Junior Secondary students study the Australian Curriculum, which provides a broad foundation across eight Learning Areas: English, Mathematics, Science, Technologies, Humanities and Social Sciences, Health and Physical Education, Languages, and The Arts. Lessons are designed to inspire inquiry, encourage creativity, and build the skills needed for independent learning and future success.

As they progress through the year levels, students make an increasing number of subject elective choices. A vibrant co-curricular program complements classroom learning, offering opportunities in sport, music, arts, leadership, and community service. These experiences help students discover their interests, develop resilience, and form lasting friendships.

Pastoral Care and Wellbeing

AngliSchools provide a warm and inclusive environment where Junior Secondary students from diverse backgrounds are encouraged to grow in mind, body, and spirit. Promoting respect, responsibility, and inclusion, AngliSchools help students to understand their place in the wider world and encourage them to use their gifts to serve others.

Visas and Living Arrangements

Most international students in this program study under the Student Visa (Subclass 500). For further information, visit <https://immi.homeaffairs.gov.au>.

A range of accommodation options are available, including living in Australia with a parent or a Department of Home Affairs-approved relative for the duration of their studies, as well as homestay.

Maximum duration	208 weeks
Intake	Beginning of Term 1 (February), Term 2 (April), Term 3 (July) or Term 4 (October)
Age range	13-17
School year(s)	Year 7, Year 8, Year 9, Year 10
Entry requirements	Academic IELTS 4.5 (Years 7 to 9) and 5.0 (Year 10)
Study mode	In person

Senior Secondary

CRICOS COURSE CODE: 093594K (WA) | 0100855 (NSW)

AngliSchools prepares Senior Secondary students for life beyond school — equipping them with the knowledge, skills, and character to thrive in further study, the workforce, and the community. Our schools inspire students to seek excellence, think critically, and act with integrity.

Learning and English-language Support

In Years 11 and 12, students follow Senior Secondary pathways aligned with the Australian Curriculum, offering a wide selection of academic and vocational courses. Whether aiming for university admission, technical qualifications, or other post-school options, students receive personalised guidance to achieve their goals and reach their full potential. For international students, learning can be complemented by English as an Additional Language or Dialect (EAL/D) programs, ensuring they confidently engage with academic content and demonstrate their capabilities in assessments.

Pastoral Care and Wellbeing

Our schools value the unique potential of each student under our care. International students benefit from the rich and supportive learning environments found in AngliSchools, where mutual respect, trust, pastoral care and encouragement are central to school life. Co-curricular and leadership opportunities further support personal growth, helping students develop independence, leadership, and a global perspective, as well as the confidence to follow their passions and pursue their dreams.

Visas and Living Arrangements

Most international students in this program study under the Student Visa (Subclass 500). For further information, visit <https://immi.homeaffairs.gov.au>

A range of accommodation options are available, including living in Australia with a parent or a Department of Home Affairs-approved relative for the duration of their studies, as well as homestay.

Maximum duration	104 weeks

**Wang Yingyi
(Daisy)**

AngliSchools International student, St Mark’s Anglican Community School

“

St Mark’s has given me endless help. It has set up many events and activities for students to participate in. The teachers are very lovely, and even though English is not my first language, I was never afraid to ask them questions. They will always be there for you when you need them. The school is almost like a family to me; they always show how much they care about their students. I always feel very included and taken care of in the school. I was selected as a member of the prefect team, where we had the chance to improve our leadership skills and make positive changes to the school. I could not speak more highly about St. Mark’s and I am grateful that I spent my high school years with them.

”

“

Studying at St George’s offered a supportive and balanced environment compared to my home country. Shorter class hours, lighter workload, and diverse activities reduced stress and made school enjoyable. Teachers were approachable and helpful, and the student atmosphere was welcoming. The WAUFP program’s flexible structure eased the challenge of learning in English and allowed time for independent study. Though adapting was initially difficult, I learned to manage my schedule effectively. Overall, the experience was rewarding, and I’m grateful for the opportunity to study at AngliSchools International and St George’s Anglican Grammar School.

”

**Liu Lanxi
(Nancy)**

Study mode	In person

University Foundation

CRICOS COURSE CODE: 094026A

At AngliSchools, we believe every student deserves a strong start to their tertiary journey — one that combines academic excellence with pastoral care, personal growth and a sense of global belonging.

About the Program

AngliSchools is the only non-government provider of the Western Australian Universities' Foundation Program (WAUFP). Established in 1993, the WAUFP provides international students with a respected and proven pathway to university entry in Australia and has supported thousands of students to achieve their academic ambitions and transition successfully to tertiary study.

Students who successfully complete the program and meet course entry requirements are guaranteed a place at the WA public university of their choice, and the qualification is also recognised by leading universities across Australia.

Learning and English-language Support

WAUFP students study at least four subjects, including English Language and Australian Cultural Studies (ELACS) — a distinctive component that focuses on academic English, research, communication, and an understanding of Australian culture. Success in ELACS satisfies the English language requirement for entry to Western Australian universities.

Curriculum and Assessment

Students select from a range of ATAR-level subjects, such as Accounting and Finance, Business Management and Enterprise, Chemistry, Computer Science, Economics, Human Biology, Mathematics (Applications, Methods, or Specialist), Physics, Psychology, and Earth and Environmental Science.

Performance in each subject is based on school assessments and final external

examinations, which are combined on a 50:50 basis and moderated to produce final scaled marks. A Combined Percentage Score (CPS) is calculated using the best three or four scaled scores (with or without ELACS), ensuring that student achievement is fairly and accurately represented for university entrance.

A Pathway to University Success

The WAUFP offers distinct advantages for international students, including:

- direct entry to Western Australia's public universities (on meeting entry requirements)
- focused English development through the ELACS program
- examinations tailored to the needs of international students
- a flexible subject range suited to pathways in Science, Engineering, Business, Health, and the Humanities.

Delivered in a supportive and academically challenging secondary school environment, the WAUFP helps students strengthen their English proficiency, extend their academic capabilities, and gain the confidence to succeed in university and beyond.

Visas and Living Arrangements

Most international students in this program study under the Student Visa. For further information, visit <https://immi.homeaffairs.gov.au>

A range of accommodation options are available, including living in Australia with a parent or a Department of Home Affairs-approved relative for the duration of their studies, as well as homestay.

Immersion

Experience life as a student in an Australian school through short-term immersion programs, available across multiple campuses.

About the Program

Immersion for individuals and groups is available at 12 separate and unique school campuses, including mainstream schools and the AngliSchools Language College.

Duration and Scope

Our immersion programs are designed for short-term experiences of three months or less in our Western Australian schools. AngliSchools International can facilitate programs for individuals or groups, with each immersion designed to suit the needs, interests and aspirations of the student/s involved.

Visas and Living Arrangements

Most international students in this program study under the Student Visa (Subclass 500). For further information, visit <https://immi.homeaffairs.gov.au>.

A range of accommodation options are available, including living in Australia with a parent or a Department of Home Affairs-approved relative for the duration of their studies, as well as homestay.

Qian Chong

Mother of QIAN, Xuduo (Alan), who attended a Year 8 Immersion program at Swan Valley Anglican Community School in 2025

“

Alan really enjoyed studying at Swan Valley Anglican Community School. Firstly, the school offers a diverse and enriching curriculum, including sewing and cooking classes. These courses are essential for children to develop practical life skills and grow as individuals. Secondly, the teachers and classmates are exceptionally friendly. Teachers show great respect for students, and the children are kind and welcoming to one another, especially toward new students. This creates a warm and inclusive atmosphere.

”

Li Yueping (Joseph)

Attended Year 5 Immersion program at Peter Moyes Anglican Community School

“

Thank you for welcoming and supporting international students like me. Your care has helped me feel safe, included, and confident in a new place. What you do means so much; you not only helped us settle in but also shaped my future. I’m truly grateful to be part of this amazing community.

”

Maximum duration	3 months
Intake	By negotiation
Age range	12-18 (by negotiation for younger students)
School year(s)	Years 5-11
Entry requirements	For minimum English language proficiency, please see Entry Requirements table
Study mode	In person

Student Services

As the AngliSchools International Student Services and Homestay Coordinator, I look forward to getting to know each student and helping them throughout their time with us.

Prior to students arriving in Australia, I will be in touch with families to provide pre-departure information and to make sure everything will be in place for a smooth arrival into Australia.

Before commencing at a school, all students and families are invited to join our Orientation and Cultural Immersion Program to ensure everyone feels welcome, safe and settled in Australia.

As students commence their journey in a school, I will schedule regular meetings with them throughout their studies, to check-in and catch up on news and progress. This support will be provided right through to graduation.

I am here to help make sure each student's experience in Australia is positive and rewarding. It is important for students to know that support is always available and that they are never alone.

Mr Leigh MacPherson

Student Services and Homestay Coordinator

“

Our commitment to the wellbeing of our students ensures that we are with them every step of the way. From orientation, through their academic journey, to graduation, my primary role is to ensure that our international students are well supported in every respect.

”

Mr Leigh MacPherson

Student Services and Homestay Coordinator

Accommodation Options

Different accommodation options are available for international students studying with AngliSchools. These include:

1. Living in Australia with a local guardian or relative
2. Living in Australia with a blood relative over 21 years of age
3. Living in a homestay with an Australian family
4. Living with a parent nominated host

Further information about each of these options is available on the AngliSchools International web site at: <https://anglischools.edu.au/living-in-australia/>

Homestay

During their studies in Australia, international students may wish to live in a homestay with a local family, for a truly immersive experience. AngliSchools International has partnered with a number of different homestay agencies to provide international students and their parents with choice in this area.

Students are matched with an appropriate homestay host family based on their preferences. All homestay host families complete thorough background checks and are regularly monitored. Our homestay providers also offer airport transfers (when required) and emergency support, 24 hours a day, 7 days a week. Students wishing to live in a homestay can make this known at the time of enrolment.
